Marc Richardson

Assistant General Counsel - Burns & McDonnell Engineering Company, Inc.

1 person has recommended Marc

"I recently had the pleasure of working with Marc on a large P3 transmission project in Alberta. Marc brought invaluable experience and insight to the negotiations and was very much our "reality checker" when it came to getting our arms around some pretty esoteric issues and risk allocations. Marc is able to deploy a vast (and varied!) experience in the construction sector, not only in terms of negotiating the legal documentation but equally in terms of the economics and impact on his organization's business which those agreements will have. A consummate gentleman with a great sense of humour and a wonderful storehouse of anecdotes and stories, Marc was at all times a pleasure to work with and be around through the long days and evenings of the transaction."

— **Andrew M.**, *Counsel, DLA Piper (Canada) LLP*, was a consultant or contractor to Marc at Burns & McDonnell
