Mentor Protégé Program Manager. SBLO, Electronic & Info Solutions (E&IS) Intelligence Systems Group The Boeing Company

---

## Experience

### **Program Manager, SB Mentor Protégé Program. SBLO, Electronics & I Info Solutions, Intelligence Syst at The Boeing Company**

March 2014 - Present (1 year 10 months)

### **Program Manager, Small Business Innovation Research & Mentor Protege at The Boeing Company**

October 2008 - March 2013 (4 years 6 months)

As the Mentor Protégé and Small Business Innovative Research (SBIR) Program Manager for Boeing Defense, Space and Security (BDS) Small Business, Adriana is responsible for scouting out the power of innovation by identifying strategic qualified potential small/diverse businesses that provide emerging technologies and/or unique capabilities of interest to Boeing. Adriana also helps identify R&D opportunities for international small businesses that align Boeing's adjacent market technology needs in support of the company's efforts to increase foreign market revenue to 30 percent. Adriana is the small business leader driving execution to the President's call of action to prime contractors to lower barriers for small businesses to enter the Defense acquisition stream, allowing Boeing to position itself for future market opportunities. She is the Boeing's focal in interactions with the Dept. of Defense, NASA, National Science Foundation, other government agencies and Aerospace Industry in matters related to Small Business Programs including Mentor Protégé and SBIR/STTR.

### **Manager - Operations Assessments at The Boeing Company**

January 2003 - June 2006 (3 years 6 months)
