## Experience

### **Managing Director at Portals Luxury Hardware & Accessories**

January 2014 - Present (2 years)

Portals Hardware is a designer/manufacturer of luxury hardware and accessories located in metropolitan Kansas City. I focus on process improvements, quality, customer service as well as research and development of current and new products.

### **Manager - Federal Tax Cost Segregation at KPMG**

June 2013 - November 2013 (6 months)

I work in the Accounting Methods and Credit Service group within the Federal Tax department. I lead cost-segregation and cost-capitalization review services for companies in the retail, construction, distribution, and manufacturing sectors resulting in client tax savings ranging from \$10K to over \$20M. I perform detailed analysis of companies' fixed assets and financials to determine their depreciation and tax benefit. I manage UNICAP studies as well as research and development studies to determine qualifying activities for federal tax credit.

### **Manager at Grant Thornton**

December 2007 - June 2013 (5 years 7 months)

I manage Cost Segregation projects for our Corporate Strategic Federal Tax Service.

### **Project Engineer at Boulevard Brewing Company**

July 2004 - December 2007 (3 years 6 months)

### **Programmer Analyst at Harley Davidson Motor Company**

January 1999 - April 2004 (5 years 4 months)

---
